My daughter, Melia, tried out the Sertoma Ice Skating Camp last summer, and she had a blast. This camp was very well thought out and organized. Not only did she have a great time learning to ice skate but she met a lot of friends from the deaf community. I can't wait until my son is old enough to go with her:)

In 2013 we had the chance to attend the SERTOMA Ice Skating Camp, and at first our daughter was so excited, and then she found out that Ice Skating was something that was more difficult than she expected. With the hands on support of the dedicated coaches, and the well planned curriculum for the week, we found the initial challenges of ice skating were quickly turned into confident skating skills and a love for a new found sport on the ice that continues to develop to this day. We are thankful to have had the opportunity to participate in this program, and highly recommend this experience. We will be back year after year!
- Dan Cooper

We also offer a baseball/softball camp.
